

## Print for Member Only – Whose benefits will print?

**Case:** A participant folder is open

You want to print checks for that participant only, not the entire household

More than 1 person is eligible for benefits, as shown on the “Issue Benefits” screen

You highlight a participant in the “tree” other than the person whose folder you opened

**Quiz:** Whose benefits will print when I click on “Print for Member Only”?

1. Participant whose folder is open or
2. Highlighted household member.

**Answer:** #2, M-SPIRIT will print checks for the highlighted household member.

**Lesson to be learned:** When you are in the Issue Benefits window, the highlighted name is who the system will print checks for if you select “Print for Member Only”.
